

Study Area:

The study area for the Grand Canyon Regional Transportation Profile is located in portions of Coconino and Mohave Counties. State system roadways within the study area are:

Route	Termini
I-15	Nevada state line to the Utah state line.
I-40 *	Junction with SR 64 to junction with US89.
SR 64	Entire length.
SR 67	Entire length.
SR 389	Entire length
US 89	Junction with I-40 to the Utah state line.
US 89A	Junction with US89 to the Utah state line.
US 180	Entire length.

* Interstate 40 between SR 64 and SR 89 (Flagstaff) is included as part of the Grand Canyon Profile, however, this section of I-40 will only be studied as how it impacts the GC Profile. A separate Profile study will be conducted for I-40.
